

Balabenka Office Building

Prague 9, Českomoravská 1a

Balabenka Office Building is a modern administrative building located near the borders of the Prague 8 and Prague 9 districts. Thanks to this location, it offers not only excellent transport accessibility, but also easy access to many services in the immediate vicinity. The architectural firm Bílek Associates is behind the design of this building, which is characterized by a wavy facade and stepped terraces. In combination with the surrounding park, Balabenka creates a calm and pleasant working environment.

This modern office building offers approximately 12,000 sqm of modern office and retail space over seven above-ground floors. Thanks to the flexibility of the individual floors, it is possible to create both classic and open offices. The tiered terraces on the individual floors are an exceptional architectural element that provides tenants with a pleasant place to relax and a unique view of Prague. The wavy facade is not only an elegant element, but also meets many demanding technical requirements, such as thermal insulation, acoustics, sufficient natural lighting and safety.
