

East Building

Prague 4 Krč, Antala Staška 38

East Building is a modern administrative complex located in the attractive Prague district of Krč, near the Budějovická metro station and the highway ring. This exceptional project, designed by the prominent Czech architect Martin Kotík, meets the highest international standards in design and technical processing. With a total area of 10,470 sqm and 103 parking spaces in the basement of the building and adjacent parking lot, it is one of the largest and most modern complexes in this dynamically developing location. East Building is designed with an emphasis on maximum flexibility and practicality, allowing its users to adapt the space to their specific needs. The building was commissioned in January 2008 and has already become the headquarters of many significant domestic and international companies.
